## 4 Considering and Ordering Upon Officers' Reports

### 4.1 Monthly Transformation Report (formally ICT Capital Works)

SUMMARY: Head of Portfolio and Enterprise Change, Sophie Binks

This is the Monthly Transformation Report (formally ICT Capital Works) that covers both capital and operational projects within core enabling strategies & roadmaps, namely, Customer and Digital Experience, Technology, Strategy & Transformation, and Governance & Risk.

There are 46 in-progress projects covering both capital and operational, with 11 projects closed since last reporting period. No changes to status of in-progress projects since last month.

Overall, the portfolio health of projects is stable compared to last month.

Total capital expenditure since 1<sup>st</sup> July to 30<sup>th</sup> September was \$0.5m or 9.4% of the allocated \$5.3m budget. Early forecast indication for end FY 23/24 is estimated to be 80% or \$4.24m, including in-progress projects from FY 22/23.

\$1.77m of carry forwards from FY 22/23 has been allocated to Infrastructure. The remaining carry forwards of \$3.8m is on-hold and may be used as contingency to offset income that may not be realised from Kingston Links.

The main risk to achieving expenditure and outcomes is the tight labour market and recruitment of experienced staff, in particular, Project Managers and Business Analysts.

## 4 Considering and Ordering Upon Officers' Reports

### 4.1 ICT Capital Works

#### **SUMMARY:**

The ICT Capital Works Report shows projects on Council's ICT Capital Works Program and indicates the monthly status of each project.

#### **Key achievements for this reporting period:**

Two projects have moved from At-Risk (Amber status) to On-Track (Green status). Two remain At-Risk (Amber), and one has Issues (Red status), which is the same as last month. Overall, the portfolio health of projects is improving compared to month.

- **Asset Management Information System:** A prototype of the Utilities Model is complete and in line with expectations. Development of the data migration programs is underway and is scheduled for completion in September.
- **Corporate Reporting:** Training for business users on the Key Performance Indicator (KPI) module and Risk module has been completed and updates are being made in the new Pulse system for reporting. User feedback for the KPI module has been positive, and users of the Risk module have indicated it is easy and intuitive to use. The old system, Interplan, has been retired.
- **Enterprise Integration Platform:** Vendor performance issues have been addressed with the final remediation action targeted for mid-September. This will result in an estimated cost saving of \$150K which will be reinvested into the project. Internal resources have resolved integration complexities which has reduced vendor costs by \$13K.

This report represents the last report for ICT Capital Works Program based on the 2017 ICT Strategy, before transitioning to the new Customer and Performance (C&P) Portfolio Governance Framework.

Initial Councillor feedback on the new Governance Framework and proposed Transformation Governance Committee has been received and incorporated into the model. This new framework will include all technology capital projects and major operational initiatives for the 2023-2024 financial year, with reporting to commence from September 2023.

#### **RECOMMENDATION**

That the Committee receive and note the final monthly ICT Capital Works Report.

## 1. INTRODUCTION

Overview of ICT projects progress and “get-to-green” actions:

RAG Status Last Month	RAG Status This Month	Project Name	Schedule %	“Get-to-Green” action
Issues	Issues	Asset Management Information System (AMIS)	54%	Contract extension sign-off and data migration proof of concept approved. Testing 11 <sup>th</sup> Sept.
At-Risk	At-Risk	Corporate Reporting Solutions	93%	The planned people data variation work is to be completed at the end of September.
At-Risk	At-Risk	Intranet Replacement	71%	Revised timelines to be presented and approved by the Project Board in September.
At-Risk	On-Track	Early Years Platform	99%	N/A - now back on-track
At-Risk	On-Track	Enterprise Integration Platform (EIP)	72%	N/A - now back on-track

Key Issues and Risks:

Issues	
Description	Resolution
The current PMO Tool is no longer fit for purpose due to limitations with features and functionality. It does not align with the new C&P Portfolio Governance Framework and Structure which requires reporting on all the C&P portfolio of projects and programs to enable effective oversight.	An initial market scan of potential vendors has been completed. A business case for the new PMO Tool has been presented for approval. The new PMO tool will deliver benefits through improved functionality and creating efficiencies. A scalable solution will be chosen to enable all projects across the organisation to be able to use it (outside of Customer and Performance).
Risks	
Description	Mitigation
Internal people data – multiple dependencies exist and need improved people data processes. Projects with this dependency include Intranet, Corporate Reporting, and the Enterprise Integration Platform.	Multiple data management initiatives are currently resourced and underway to improve accessibility and availability of internal people data.
Resourcing – current labour market conditions and rates continue to be a challenge for attracting key project personnel.	Multiple recruitment options are being used to source talent. Focus on employee engagement is a priority to ensure key personnel are retained.
Vendors / Supply Chain – cost increases and performance challenges are being observed across multiple vendors, potentially impacting future project delivery.	Regular and on-going vendor meetings as part of project governance.

## **2. CONFIDENTIALITY**

Confidential information is contained in Attachment 1 in the confidential agenda, in accordance with Sections 3 and 66 of the Local Government Act 2020 as the information relates to contractual matters; and the premature disclosure of the information could be prejudicial to the interests of Council or other persons.

## 4.2 Establishment of the Transformation Governance Committee

**SUMMARY:** Head of Portfolio Office and Enterprise Change, Sophie Binks

The ICT Governance Committee completed its term on 31 August 2023. As part of the new Customer and Performance Directorate structure and priority initiatives, the new Transformation Governance Committee is proposed to replace the ICT Governance Committee.

The new Transformation Governance Committee (TGC) purpose is to independently evaluate the health, value and approaches of initiatives across Customer and Performance, including:

- Technology, systems and application projects
- Cyber security projects
- Customer Experience projects
- Digital (e.g., website) projects
- Data projects
- Service Planning and Reviews
- Updated frameworks in Governance/Risk/Compliance

Many of the above initiatives are budgeted as part of the capital program for FY 23/24. However, some initiatives will be delivered with operational resources, such as the Service Planning and Review Program and the Governance/Risk/Compliance framework updates. Irrespective of the funding model, these initiatives will be delivered under a consistent and transparent project delivery methodology, and within one “portfolio” governance structure.

Like the previous ICT Governance Committee, the TGC is proposed to have the Mayor, two Councillors and three External Independent Members.

Whilst the previous ICT Governance Committee’s focus was purely on technology, the TGC is broader in scope as it includes major organisational changes to support the Community and Council Plan. Therefore, the External Independent Members need to have broader expertise in digital, business transformation and customer experience, and governance – as well as technology.

The three External Independent Members costs will be the same as the previous members from the ICT Governance Committee: \$15K per year, budgeted in C&P. The term of the committee will be two years.

### RECOMMENDATION

That the Committee:

1. Approve the establishment of the Transformation Governance Committee.
2. Adopt the Transformation Governance Committee Terms of Reference as set out in Attachment 1.
3. Nominate Councillor \_\_\_\_\_ to participate in the recruitment panel for the External Independent Members for the Transformation Governance Committee.

## 1. INTRODUCTION

The report provides the objectives and Terms of Reference (refer to **attachment 1**) of the Transformation Governance Committee. Additionally, the external members' role is described to reflect the role of support in planning and ensuring an effective & efficient committee.

Next steps are also provided with the aim to commence the committee on 6<sup>th</sup> December 2023.

## 2. DISCUSSION

The Terms of Reference (**attachment 1**) was drafted from input by Councillors, previous external independent members of the former ICT Governance Committee and internal stakeholders. The attachment documents key terms such as:

- Purpose and objectives
- Membership, period of Membership (i.e., 2-years) and Method of Appointment
- Delegated Authority (of which this committee has none)
- Meeting procedures
- Role of Chair
- Agenda and Meeting Minutes
- Quorum
- Voting
- Reporting

More specifically, the objective of the Transformation Governance Committee is to:

- Provide advice, guidance and recommendations on the C&P Portfolio of projects (as defined in the executive summary) regarding strategic investment priorities, decision making responsibilities and items brought before the Committee;
- Provide oversight and monitor the implementation;
- Provide oversight and support the principles of the governance framework;
- Provide recommendations to inform the decision-making process regarding investment in the projects and programs;
- Connect with, and report business critical risks to the Audit and Risk Committee; and
- Inform and report to Council.

The Transformation Governance Committee will prepare:

- Formal bi-annual reports to the Audit and Risk Committee; and
- A formal annual report to the Council.

A recruitment process is required for the External Independent Members of the Transformation Governance Committee and requires one Councillor (in addition to two Council Officers) to be part of the recruitment panel and process.

It is proposed that External Independent Members are appointed for a two-year period. External Independent Members with backgrounds across the ICT industry, business transformation, customer experience and/or governance would be sought, with an awareness of local government being an advantage.

The External Independent Members will also:

- Support and build the knowledge with the Councillors on the Transformation Governance Committee to enable an effective and efficient operating committee; and
- Attend planning sessions with C&P team members to provide independent advice, guidance and recommendations.

The next steps to establish the Transformation Governance Committee are:

#	Task	Target Date
1	SPC Meeting - Establishment of the Transformation Governance Committee	11 Sept 2023
2	Recruitment preparation for External Independent Members for the Transformation Governance Committee	12 Sept 2023
3	Conclude recruitment for External Independent Members for Transformation Governance Committee	20 Oct 2023
4	SPC Meeting - Appointment of External Independent Members for Transformation Governance Committee	13 Nov 2023
5	Commence quarterly Transformation Governance Committee Meeting	6 Dec 2023

### 3. CONSULTATION

The Transformation Governance Committee was designed and developed in consultation with internal stakeholders.

The proposed Transformation Governance Committee was presented to the ICT Governance Committee on 21 June 2023. Feedback was provided and incorporated into the Terms of Reference. The updates were presented back to the ICT Governance Committee on 19 July 2023 and supported.

The proposed Transformation Governance Committee was discussed with Councillors on 21 August 2023 and feedback was incorporated into the Terms of Reference (attachment 1).

### 4. CLIMATE CHANGE CONSIDERATIONS

Implementation of the recommendation is considered to have no direct implications or has no direct impacts upon Council's Net Zero 2030 target, the Community Net Zero 2040, exposure to climate risks or climate change adaptation.

### 5. ENVIRONMENTAL/AMENITY CONSIDERATIONS

Not applicable.

**6. FINANCIAL & ECONOMIC IMPLICATIONS**

There will be a cost associated with the three External Independent Members of the Transformation Governance Committee. This is in line with the current ICT Governance Committee engagement of approximately \$15K per year and is already accounted for in the in the C&P budget.

**7. SOCIAL IMPLICATIONS**

Not applicable.

**8. RELEVANCE TO KNOX COUNCIL PLAN 2021-2025**

**Civic Engagement & Integrity**

Strategy 5.3 - Ensure our processes are transparent and decisions are accountable.

**9. CONFLICT OF INTEREST**

The officers contributing to and responsible for this report have no conflicts of interest requiring disclosure under Chapter 5 of the Governance Rules of Knox City Council.

**10. CONFIDENTIALITY**

There is no content in this report that meets the definition of confidential information from the Local Government Act 2020.

1. Terms of Reference Transformation Governance Committee [4.2.1 - 6 pages]

# Transformation Governance Committee

Directorate:	Customer and Performance	Responsible Officer:	Director, Customer and Performance
Approval Date:		Committee Group:	Advisory
Review Date:	2 Years from initial Meeting Date		

## 1. Purpose

The Transformation Governance Committee (TGC) purpose is to independently evaluate the health, value and approaches of initiatives across Customer and Performance, including:

- Technology, systems and application projects
- Cyber security projects
- Customer Experience projects
- Digital (e.g., website) projects
- Data projects
- Service Planning and Reviews
- Updated frameworks in Governance/Risk/Compliance

## 2. Objectives

The objectives of the Transformation Governance Committee are to:

- Provide advice, guidance and recommendations on C&P Portfolio of projects and programs regarding strategic investment priorities, decision making responsibilities and items brought before the Committee
- Provide oversight and monitor the implementation of C&P Portfolio
- Provide oversight and support the principles of the C&P Portfolio Governance Framework
- Provide recommendations to inform the decision-making process regarding investment in C&P Portfolio of projects and programs.

The Independent External Members are to support and build the knowledge of the Councillors on the Transformation Governance Committee to enable an effective and efficient operating committee. In addition, the Independent External Members will attend immersion sessions to provide independent advice, guidance and recommendations.

## 3. Membership, Period of Membership and Method of Appointment

The Transformation Governance Committee shall comprise the following:

- Mayor

- Two Councillors
- Three Independent External Members

Independent External Members will have a background across the ICT industry, business transformation, customer experience and/or governance. An awareness of local government would be an advantage.

Any Councillor, not appointed to the Committee, may attend the meeting as an observer only and will not be able to contribute and will have no opportunity to participate in discussions.

### **3.1 Selection and Recruitment of Independent External Members**

The process to appoint Independent External Members will be advertised in local newspapers, on Council's internet site and through local networks. Applicants must make application via an expression of interest process.

Eligible Independent External Members will have an interest in and good working knowledge of Information Technology, business transformation, customer experience and/or governance.

The approach and method for appointing Independent External Members will include the following:

- Independent External Members will be selected by a panel comprising a Councillor and two Council Officers from the relevant service unit;
- The method of appointment will be via an expression of interest process;
- Independent External Members will be appointed for a two-year term;
- All Independent External Members will be eligible to re-apply for appointment should the committee be extended;
- Council will be responsible for appointing all Councillor and Independent External Members; and
- Casual vacancies which occur due to Independent External Members being unable to complete the full term of their appointments may be filled by co-opting suitable candidates from a previous selection process for the remainder of the previous incumbents' terms. The selection panel will make a recommendation to the CEO, who will have the authority to appoint the recommended candidate to the Committee for the remainder of the previous incumbent's term.

### **3.2 Guests and Observers**

The Committee may invite observers to meetings from time to time. This is at the discretion of the Committee.

Guests may also be invited to attend and participate at meetings, this would generally for a specific purpose and/or specified period of time. This is at the discretion of the Committee.

### **3.3 Training**

All Councillors and Independent External Members of this Committee are required to undertake prescribed Child Safe Training and any other training required by Council within their term on an Advisory Committee. This is a legislative requirement as part of reforms from the State Government to ensure all Committee representatives are aware of child safety practices in the event a relevant issue arises.

All Councillors and Independent External Members will be required to undertake other mandatory induction and training as advised by Council.

### **3.4 Councillors**

Council will appoint Mayor and Councillor representation annually.

The role of Councillors is to participate in the meetings, listen to stakeholder views and keep the Council informed, through reports on committees by Councillors at Council meetings, on issues of community interest being considered at meetings.

### 3.5 Council Officers

Council Officers will be nominated to support the Committee by the CEO as required to provide advice and administrative support to the Committee.

## 4. Delegated Authority and Decision Making

The Committee acts in an advisory capacity only and has no delegated authority to make decisions on behalf of Council.

## 5. Meeting Procedures

The Committee will meet on a quarterly basis and an annual schedule of meetings will be agreed upon at the first meeting of the Committee in each year.

The Committee is not required to give public notice of its meetings and its meetings are not open to the public.

At the commencement of each financial year, the Committee will develop a work plan for the upcoming year. This will generally be aligned with the Community and Council Plan. The Committee may also highlight any emerging issues, which will also be documented. For efficiency purposes, the business of the Committee throughout the ensuing year should align with the work plan and list of emerging issues.

Meetings will follow standard meeting procedure protocols, which are in summary:

- Commence on time and conclude by the stated completion time;
- Be scheduled and confirmed in advance with all relevant papers distributed (as appropriate) to each member;
- Encourage fair and reasonable discussion, participation and respect for each other's views;
- Focus on the relevant issues at hand; and
- Provide advice to Council as far as possible on a consensus basis.

## 6. Chair

The Chairperson is to be an Independent External Member of the Committee. The members of the Committee will appoint a Chairperson annually at the commencement of the first meeting each calendar year. The members of the Committee may also appoint a Deputy Chairperson who is to be an Independent External Member, to undertake the duties of the Chairperson where the elected person may not be able to undertake their duties.

When appointing the Chairperson, the Committee should consider a candidate's relevant professional and personal skills required to undertake this role.

## 7. Agendas and Meeting Minutes

Agendas and meeting minutes must be prepared for each meeting.

The Agenda must be provided to members of the Committee not less than 7 days before the time fixed for the holding of the meeting in both digital and hard copy formats with the only exception being when a public holiday falls on the day agendas are due, in which case agendas are to be provided close of business 6 days in advance.

The Chairperson must arrange for meeting minutes of each meeting of the Committee to be kept.

The meeting minutes of this Committee must:

- (a) contain details of the proceedings and recommendations made;
- (b) be clearly expressed;
- (c) be self-explanatory; and
- (d) incorporate relevant reports or a summary of the relevant reports considered by the Committee.

Draft meeting minutes must be:

- (a) submitted to the Committee Chairperson for confirmation within 7 days of the meeting;
- (b) distributed to all Committee Members following confirmation from the Chairperson and within 14 days of the meeting; and
- (c) submitted to the next meeting of the Committee for information.

In compliance with section 58 of the 2020 Act and the requirements of the Council's Public Transparency Policy the agenda and minutes of this group will be made available on Council's website unless:

- the information contained in the agenda and/or minutes is confidential by virtue of the 2020 Act or any other Act; or
- the public availability of the information has been deemed by the Chief Executive Officer or nominee to be contrary to the public interest.

## 8. Quorum

A quorum shall comprise at least one Councillor member and two Independent External Members.

All Committee members are requested to attend each meeting in person, although members can attend through electronic means and will be included as part of the quorum.

## 9. Voting

As this is an Advisory Committee, voting on issues is not required. Any recommendations will generally be developed through consensus for Council consideration. Where a matter cannot be agreed, the differing opinions should be clearly expressed in the minutes of the meeting.

## 10. Conflict and Interest Provisions

In performing the role of Advisory Committee member, a person must:

- Act with integrity;
- Impartially exercise their responsibilities in the interests of the local community;
- Not improperly seek to confer an advantage or disadvantage on any person;
- Treat all persons with respect and have due regard to the opinions, beliefs, rights and responsibilities of other persons;
- Commit to regular attendance at meetings; and
- Not make improper use of information acquired because of their position or release information that the member knows, or should reasonably know, is confidential information.

Meetings of the Committee will typically constitute a Meeting Conducted under the Auspices of Council pursuant to Council's Governance Rules and Councillors are consequently required to comply with the conflict of interest provisions as set down in the Local Government Act 2020 and Chapter 5 of the Council's Governance Rules.

Councillors must:

- disclose that conflict of interest by explaining the nature of the conflict of interest to those present immediately before the matter is considered;
- absent themselves from any discussion of the matter; and
- as soon as practicable, provide the CEO with a written notice recording the nature of the conflict.

Where a Committee member has a conflict of interest or perceived conflict of interest in relation to a matter before the Committee, they must disclose the matter to the group before the matter is considered or discussed. Disclosure must include the nature of the interest and be recorded in the meeting minutes. It will be at the discretion of the Chairperson if the staff and/or Committee member remains or leaves the room whilst the matter is discussed, and this must also be recorded in the minutes of the meeting.

All members of the Advisory Committee shall participate in training on the Conduct and Interest provisions which will be run a minimum of annually by the Council's Governance team.

## 11. Reporting

The Committee will prepare a formal report on an annual basis in line with their stated objectives. The report must be adopted by the Committee and should directly reflect the objectives and the performance measures of the Committee as set out in the Terms of Reference. Once adopted by the Committee the report will be presented to Council.

In addition, the Committee will also prepare a formal report on a bi-annual basis and present to the Audit and Risk Committee.

The Committee will report critical business risks to the Audit and Risk Committee.

## 12. Administration Support

Administration support will be provided by the Customer and Performance Directorate.

## 13. Contact with the Media

Contact with the Media by Advisory Committee members will be conducted in accordance with the Councillor and Staff Media Policies. Independent External Members should defer any media enquiries to the Chairperson in the first instance and then the Council Communications team, if deemed necessary, and must not at any stage purport to be a spokesperson for Council or the Committee.

## 14. Review Date

This Committee will be reviewed on a regular basis, with a review date not exceeding a two-year period. If the Committee has a relevant function at the end of the standard review period, a report must be presented to Council including a review of the Committee's Terms of Reference and seeking endorsement from Council to continue to act for a further period.

## 15. Meals

Council will provide reasonable meals for Committee meetings at times that immediately precede, follow or extend through normal mealtimes.

## 16. Administrative Updates

From time to time, circumstances may change leading to the need for minor administrative changes to the Terms of Reference. Where an update does not materially alter this Terms of Reference, such a change may be made administratively and approved by the Chief Executive Officer. Examples of minor administrative changes include changes to names of Council departments or positions, changes to Federal or State Government department names or legislation; or other minor amendments that do not have material impact on the provisions or intent of the Terms of Reference. Where any change or update is considered to be a material change, it must be considered by Council.

### 4.3 Knox Community Awards Program

**SUMMARY:** Head of Governance, Saskia Weerheim

The Knox Australia Day Awards are a discretionary awards program of Council that has run since 1994. This report gives an overview of the outcomes of the 2023 campaign and a recommendation regarding the future of this awards program, following on from community engagement.

The primary goal of these awards is to honor, recognise and celebrate the breadth of contributions made by so many individuals within our community.

A downward trend in the number of nominations and awards presented in recent years, combined with the low engagement in recent community consultation on the awards, suggest that the awards in their current configuration, are no longer effectively resonating with our community.

It is the officers' view that the current award format and timing is not capturing the interest and attention of the community and, left unaddressed, this is likely to result in the Awards program in future years failing to provide a meaningful platform to recognise and celebrate the exceptional endeavors that continually enrich our community.

Consequently, it is the officers' recommendation that the Committee consider:

- Discontinuing the current Australia Awards program in 2024;
- Revitalising the program with a revised structure and award categories; and
- Aligning a new program with an existing Council event and/or community celebration (e.g., Volunteer Week) later in the year, which would provide leverage for promoting the awards, and potentially a new presentation opportunity, rekindling community interest and engagement with the awards, and driving more active participation.

Preliminary work on alternatives has commenced and should the recommendation be supported a further report to Council would be presented early in the new year to determine a new award format.

#### **RECOMMENDATION**

That the Committee:

1. Note the outcomes of the 2023 Australia Day Awards campaign.
2. Resolve to discontinue Council's Australia Day Awards in their current format, noting the 2023 round as the final round of the awards in their current state.
3. Note that a further report will be brought back regarding Council's community awards program, incorporating an updated Terms of Reference in preparation for a new award round to be held later in 2024.

## **1. INTRODUCTION**

Council's Australia Day Awards program commenced in 1994. The purpose of the awards program is to acknowledge outstanding individuals who have made a valuable contribution to the Knox community. Nominations for the awards have been accepted in a range of categories with an emphasis on service and benefit to the Knox community.

The Awards program is planned and delivered in line with the Terms of Reference for the Australia Day Awards Committee, which was established to consider nominations for award recipients to be announced annually on Australia Day.

Historically, these awards have been called the "Australia Day Awards". The Awards' connection to Australia Day comes only from it being the day on which they are conferred. This review process reflects a desire for continuous improvement of the awards and is not a comment or reflection of how Council does or should acknowledge and celebrate Australia Day more broadly.

This report provides the Committee with an overview of the outcomes of the 2023 campaign, an overview of the engagement results, and recommended next steps for Council's awards program.

## **2. DISCUSSION**

### **2.1 Outcomes of the 2023 Campaign**

The Knox Australia Day Awards Committee, comprising two Councillors and the previous year's award winners, assessed nominations and recommended recipients for the following categories:

- Citizen of the Year - For community members of Knox who could be described as role models in the community, who have given selflessly of themselves to others.
- Young Citizen of the Year - For community members of Knox who are under 25 years of age on 26 January the year the award is being presented and who have made an outstanding contribution to their community or school.
- Volunteer of the Year - For community members of Knox who have given of themselves in a voluntary role.
- Local Hero - For a community member who performed a heroic act or made a singular outstanding achievement in the Knox community.
- Senior Citizen of the Year - For community members of Knox aged 65 and over who have made a significant contribution to the community or are inspirational role models.
- Environmentalist of the Year - For community members of Knox whose actions and ideas have had a significant positive impact on:
  - The protection, enhancement or awareness of Knox's natural environment; and/or
  - Environmental sustainability outcomes or initiatives within our city.

Based on the nominations received, the Australia Day Awards Committee determined the award recipients for the 2023 Knox Local Australia Day Awards as follows:

- Citizen of the Year: Ricky Baldwin
- Senior Citizen of the Year: Noel Addicoat
- Volunteer of the Year: John Draffin
- Sustainability Leadership Award: Rowan Jennion

The 2023 Australia Day Awards recipients were announced and celebrated via an online campaign with pre-recorded videos involving Councillors showcasing the recipients and their respective categories. A formal presentation was also made to the recipients at the January 2023 Council meeting.

## **2.2 Review of the Awards**

Based on a decision at the September 2022 Strategic Planning Committee meeting, a review of the awards program was recently completed.

At the September 2022 SPC meeting, officers recommended that Councillors consider updating the Terms of Reference to rebrand the awards as community awards. This recommendation was a reflection of the current state of the awards which aim to recognise the enormous volunteer effort and subsequent benefits to the Knox community of this awards program. While Council continues to receive high quality nominations each year, the number of nominations is not reflective of the enormous volume of volunteering and other contributions that are known to be occurring across the Knox community.

This recommendation encompassed a change of name to the Knox Community awards and a suggestion to move the award celebration to National Volunteer Week to reflect the nature of the awards. Prior to making a decision, Council requested that community engagement be undertaken to assist in the decision-making process with a further report to be tabled at a Council or Strategic Planning Committee meeting.

Community engagement has now been finalised and the results are presented below for Committee consideration.

### **2.2.1 Method of Engagement**

Community engagement opened on 17 May 2023 and concluded on 21 June 2023 – a five-week campaign period, with feedback sought on the value of Council delivering this awards program, the award categories and the date of the announcement and the nature of the celebration.

There are a range of stakeholders in our community with an interest in our community awards program including:

- Current and previous award recipients, nominees and nominators;
- Council advisory committees;
- Local community groups;
- Community service organisations; and
- The broader community.

Data was mainly captured through Council's Have Your Say page. Officers also engaged with the community via telephone consultations, a drop-in session prior to a Council meeting and engagement with Council's Youth Advisory Committee and First Nations Community Development Officer.

### **2.2.2 Results**

A total of 19 responses were received through Council's Have Your Say page. Three further responses were generated through one-on-one telephone consultations and two further responses were received from community members by email – providing general feedback on the merits of Council continuing to recognise volunteer effort through an annual Awards Program.

The overall feedback indicates there is support for Council to continue to recognise community contributions through an awards program, although it is acknowledged that the feedback is from a very small sample.

The key themes to assist the Committee in making a decision are outlined below and focus on the value of the awards and the mode of presentation. Extensive feedback was also received from the community on a range of matters relating to the Terms of Reference for these awards, including expectations of recipients, award categories and the nomination process. Pending the Committee's decision, this feedback will be utilised to shape new award terms of reference.

### **2.2.3 Recognition and Value**

Of the respondents, only one was unaware of Council's Awards Program and almost all respondents saw value in Council delivering an Awards Program.

Civic pride was a key theme that emerged through the feedback from the community. The following feedback is indicative of this sentiment:

*Acknowledging outstanding individuals who have made a valuable contribution to the Knox community is very important because it encourages more people in our community to contribute whatever they can in our society. It proves that we live in the great community and we are cared for not only by the council but individual who live here.*

Other feedback spoke of the value in showcasing the achievements of community members as an incentive and motivation for others, whilst reinforcing that what volunteers do is important. Feedback also indicated that the awards allowed for the volunteer-involving organisation's work to be profiled, potentially generating new volunteer interest.

*The candidate we nominated ... has benefited enormously in terms of personal development, awareness and a "handy" CV entry.*

*There is certainly value in running this program. As most if not all award recipients belong to a group, which is tied also to the individual's work, it provides an opportunity to not only showcase the amazing work being done by the individual, but also the group they belong to.*

#### **2.2.4 Award Presentation**

There was a range of suggestions made as to how the awards should be presented:

*We should present the awards to the recipients formally with their family in a big hall during the citizenship award to show the new residents within Knox City Council that we encourage the most contribution in our community.*

*In a formal awards ceremony with them being allowed to bring guests.*

*Local Ceremonies and public notifications i.e. social networks and council web pages. You could publish videos on the Council website of recipients' stories.*

*At a Knox event such as Carols by Candlelight or the Knox Festival.*

*Some recipients may appreciate a donation of dollars or reduced rents for their organisations. A nice glass trophy/plaque may be meaningful. Recipients are usually very modest people.*

*A formal reception/awards event may be appreciated.*

There was a range of responses relating to the day this award should be presented with Australia Day attracting the most responses, followed closely by National Volunteer Week in May. Several respondents selected the Knox Festival and one person selected International Volunteer Day.

A few respondents noted that the awards should stay on Australia Day to tie in with the national awards campaign, whilst others acknowledged that the day is controversial. Several respondents noted their concern that the awards being presented on Australia Day is not inclusive.

Council adopted its first Reconciliation Action Plan (RAP) at the July 2023 Council meeting. The RAP has six focus areas that underpin the way Council will work to achieve goals articulated in the Plan. Of particular note for Committee consideration of the name and date of the award presentation, are the RAP focus areas of:

1. Recognition and Respect - Respect and recognition of Aboriginal and Torres Strait Islander peoples and their culture increases everyone's awareness and appreciation of cultures and civilisation enriching our histories for at least 65,000 years;
2. Health and Wellbeing - For the health and wellbeing of the Knox Aboriginal and Torres Strait Islander communities to flourish, initiatives must include a holistic, whole of life cycle view of health that includes physical, cultural, spiritual, emotional, economic (including housing) and mental health and wellbeing.
3. Civic Participation - Effective civic participation can be achieved when all members of the communities feel valued, safe and recognised.

These focus areas speak of inclusion, respect and community participation and involvement. The RAP provides a genuine opportunity for Council and the community to strengthen trusting relationships by holding forums, promoting dialogue and providing a platform for First Nations voices to be heard to build awareness of their issues. Continuing to host an award presentation on Australia Day may be at odds with our desire for recognition and inclusion of our First Nations residents, as we progress with implementing the actions in the RAP.

### **3. CONSULTATION**

Community engagement has been completed and this report presents the finding of the engagement.

### **4. CLIMATE CHANGE CONSIDERATIONS**

Implementation of the recommendation is considered to have no direct implications or has no direct impacts upon Council's Net Zero 2030 target, the Community Net Zero 2040, exposure to climate risks or climate change adaptation.

### **5. ENVIRONMENTAL/AMENITY CONSIDERATIONS**

Nil

### **6. FINANCIAL & ECONOMIC IMPLICATIONS**

Financial implications will vary depending on the decision made by Council and subject to the preferences for the presentation of future awards, may require referral to the 2024/25 budget process.

The 2023/24 operational budget includes provision of \$20,500 for all Civic Functions, inclusive of the Australia Day Awards. As an in-person presentation event hasn't been held for the last three years, expenditure has been in the vicinity of \$7-10,000 per annum (excluding GST), which is a significant reduction on the cost of a standalone presentation event.

Staff resourcing to support the Program is relatively significant with an estimate 150+ officer hours invested to deliver the Program annually across the Governance & Risk and Communications Departments.

### **7. SOCIAL IMPLICATIONS**

Council's community awards program provides the community with an opportunity to acknowledge those people who work tirelessly by helping others and building a more connected community.

### **8. RELEVANCE TO KNOX COUNCIL PLAN 2021-2025**

#### **Connection, Resilience & Wellbeing**

Strategy 4.2 - Foster inclusivity, equality, belonging and safety within the community.

#### **Civic Engagement & Integrity**

Strategy 5.1 - Provide opportunities for all people in Knox to have their say.

### **9. CONFLICT OF INTEREST**

The officers contributing to and responsible for this report have no conflicts of interest requiring disclosure under Chapter 5 of the Governance Rules of Knox City Council.

### **10. CONFIDENTIALITY**

There is no content in this report that meets the definition of confidential information from the Local Government Act 2020.
